

IRRIGATION OF
UTAH ARID LANDAnother Great Enterprise Soon
to Be in Operation.

FOUR COUNTIES INTERESTED

PROGRESS REPORTED AT A
MEETING IN OGDEN.

(Special to The Herald.)

Ogden, March 16.—Progress reported today at a meeting of representative irrigation men of Weber, Summit, Davis and Morgan counties revealed that another great irrigation enterprise is soon to be in successful operation and that all of the arable land in each of the three counties will soon have plenty of water.

The meeting was called in the Weber county court house by the report on the officers, committees and directors of the Weber Reservoir Power & Irrigation company, started about a year and a half ago.

President's Report.

Moses Taylor, president of the company, reported that in pursuance of the plan adopted by the meeting when the organization was effected, all the remaining available reservoir sites in Weber county had been located and all the surplus flood waters of Weber river and its tributaries filed on. This gives twelve reservoir sites with a combined capacity sufficient to store water that will flow 15,000 second feet of water for two months of each year.

It is proposed to begin immediate work on one reservoir, to be situated half mile south of Echo station. Here by constructing a dam about 150 feet long and sixty-five feet high a flow of 150 second feet will be obtained for two months, or sufficient to supply 30,000 acres.

Will Cost \$175,000.

The reservoir will cost \$175,000, and a bonding company will advance two-thirds of the money at 6 per cent after the farmers have raised the first third. The proposed reservoir is about three miles long and a mile wide at its widest part. Its depth will be about sixty feet.

Officers Endorsed.

The meeting was in session all the afternoon and at the close a vote was taken endorsing the project and endorsing the work of the officers. It developed that stock to the amount of about \$100,000 has been subscribed for, 20 per cent being paid. The construction of the first reservoir will necessitate the moving of the present Union Pacific track, which cuts across one edge of the site. It was emphatically stated that the work on the project will be completed by next November.

THROWN OUT OF COURT.

Diehl Says Life Convicts Cannot Be
Prosecuted.

The case against Abe Majors and Frank Connors, charged with assault with a deadly weapon with intent to commit murder on Prison Guards Jacobs and Naylor, was dismissed yesterday morning in the criminal division of the city court by order of Judge C. B. Diehl.

They were given a preliminary hearing several days ago in the city court, but the defense offered no testimony. After the state presented its case Attorney F. E. McKinney, for the defense, made a motion for the dismissal of the case on the ground that the state statutes provided that no convict serving a life sentence could be tried on a charge the penalty of which was imprisonment. The motion was sustained and the prisoners were dismissed on the charges.
